

Did you write to your representative about taking crucial diplomatic steps to bring an end to the war in Ukraine? If not, your member of Congress needs to hear from you today! Rep. Representative Pramila Jayapal (D-WA) has recently drafted a Congressional sign-on letter to President Biden calling on the President to take crucial steps to help bring an end to this war. These steps include: making vigorous diplomatic efforts in support of a negotiated settlement and ceasefire, engaging in direct talks with Russia, exploring prospects for a new European security arrangement acceptable to all parties that will allow for a sovereign and independent Ukraine, and, in coordination with Ukraine, seeking a rapid end to the conflict and reiterate this goal as America's number one priority. [This letter is still open for co-signers, and we need to get your representative to take important steps to help bring this war to an end. Please write to them today!](#)
