

The Lenten Vigil for Disarmament begins on Ash Wednesday, March 2, when we gather across from the Administration building at Bath Iron Works on Washington Street from 11:30 to 12:30. We witness against the continued production of the nuclear capable Aegis guided missile destroyers here at BIW by General Dynamics. The Vigil continues every Saturday in Lent: March 5, 12, 19, 26 and April 2 and 9. Then on Good Friday, April 15 (note change from last year), we hold the final Lenten Vigil at the same time and place. We gather in solidarity with tax resisters all over the US protesting at manufacturing sites for the military industrial complex saying No! to the use of our tax dollars to support endless war. Lent signals a turning point from winter to spring, from despair to hope, from choosing death to enhancing life, from building "destroyers" to creating a world without war. Each warship built keeps us from the Love needed to heal our Mother Earth. Disarmament (Resurrection!) means turning away from warships and instead healing the many crises that surround us. Please bring signs and wear a mask. Smilin' Trees Disarmament Farm 763-4062
